

Chindata Group establishes subsidiary, Chinpower, to a greener hyperscale data center industry

February 4, 2021

BEIJING, Feb. 3, 2021 /PRNewswire/ -- Chindata Group (Nasdaq: CD), a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets announced that it is officially establishing Chinpower as its business subsidiary to develop a brand-new energy solution for the hyperscale data center industry.

Chindata Group launched a video focusing on its next-generation hyper-density data center integrated energy solution, a Chinpower solution to both supporting the rapidly-growing digital economy and addressing climate change.
