

Chindata Group Provides Update on its Status under the Holding Foreign Companies Accountable Act

May 5, 2022

BEIJING, May 05, 2022 (GLOBE NEWSWIRE) -- Chindata Group Holdings Limited ("Chindata Group" or the "Company") (Nasdaq: CD), a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets, today announced that the Company is aware of the fact that it was provisionally named by the United States Securities and Exchange Commission (the "SEC") as a Commission-Identified Issuer under the Holding Foreign Companies Accountable Act of the United States (the "HFCAA") on May 4th, 2022, following the Company's filing of the annual report on Form 20-F for the fiscal year ended December 31, 2021 with the SEC on April 29, 2022.

The Company understands that the SEC made such identification pursuant to the HFCAA and its implementation rules issued thereunder. This indicates that the SEC has determined the Company used a registered public accounting firm, whose working paper cannot be inspected or investigated completely by the Public Company Accounting Oversight Board of the United States (the "PCAOB"), to issue the audit opinion for the Company's financial statements for the fiscal year ended December 31, 2021.

In accordance with the HFCAA, the SEC shall prohibit a company's shares or American depository shares ("ADSs") from being traded on a national stock exchange or in the over-the-counter trading market in the United States if the company has been identified by the SEC for three consecutive years due to PCAOB's inability to inspect the auditor's working paper.

The Company will continue to monitor market developments and actively explore all strategic options to protect the interests of its stakeholders.

About Chindata Group

Chindata Group is a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets and a first mover in building next-generation hyperscale data centers in China, India and Southeast Asia markets, focusing on the whole life cycle of facility planning, investment, design, construction and operation of ecosystem infrastructure in the IT industry. Chindata Group provides its clients with business solutions in major countries and regions in Asia-Pacific emerging markets, including asset-heavy ecosystem chain services such as industrial bases, data centers, network and IT value-added services.

Chindata Group operates two sub-brands: "Chindata" and "Bridge Data Centres". Chindata operates hyper-density IT cluster infrastructure in the Greater Beijing Area, the Yangtze River Delta Area and the Greater Bay Area, the three key economic areas in China, and has become the engine of the regional digital economies. Bridge Data Centres, with its top international development and operation talents in the industry, owns fast deployable data center clusters in Malaysia and India, and seeks business opportunities in other Asia-Pacific emerging markets.
