Chindata Group Announces Removal of Mr. Jing Ju as Director

BEIJING, December 13, 2022 — Chindata Group Holdings Limited (“Chindata Group” or the “Company”) (Nasdaq: CD), a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets, today announced it has removed Mr. Jing Ju as director of the Company, effective as of December 13, 2022.

The removal of Mr. Ju as director followed the conclusion of an investigation conducted by the Company’s outside advisors. Based on the findings of the investigation, the Company’s board of directors (the “Board”) determined Mr. Ju to be in material breach of his non-competition and non-solicitation obligations under the Company’s shareholders agreement entered into on August 18, 2020 and the transition agreement with Mr. Jing Ju, Abiding Joy Limited, a special purpose vehicle beneficially owned by Mr. Jing Ju, and certain other parties entered into on January 11, 2022. The Board also considered a number of other factors in its determination to remove Mr. Ju.

As a result of the Board’s determination, the Company and BCPE Stack ESOP Holdco Limited (“ESOP Holdco”), as the incentive plan holding entity for the Company’s BCPE Stack ESOP Holdco Limited Share Option Plan (the “ESOP Holdco Plan”), has each elected to repurchase all of the shares of the Company and ESOP Holdco, respectively, underlying share incentive awards granted to Mr. Ju under the Company’s 2020 Share Option Plan and ESOP Holdco Plan, respectively.

Mr. Ju’s conduct is considered an Event of Default as defined under the Company’s current Amended and Restated Memorandum and Articles of Association (the “Articles”). Pursuant to Article 9.5(c)(ii) of the Articles, upon Mr. Ju’s removal as a director following the occurrence of an Event of Default, all of the Company’s Class B Ordinary Shares held by Mr. Ju through Abiding Joy Limited have automatically been converted into the Company’s Class A Ordinary Shares. As a result, Mr. Ju’s aggregate voting power in the Company has decreased from approximately 8% prior to the conversion to 0.58% after the conversion.

About Chindata Group

Chindata Group is a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets and a first mover in building next-generation hyperscale data centers in China, India and Southeast Asia markets, focusing on the whole life cycle of facility planning, investment, design, construction and operation of ecosystem infrastructure in the IT industry. Chindata Group provides its clients with business solutions in major countries and regions in Asia-Pacific emerging markets, including asset-heavy ecosystem chain services such as industrial bases, data centers, network and IT value-added services.

Chindata Group operates two sub-brands: “Chindata” and “Bridge Data Centres”. Chindata operates hyper-density IT cluster infrastructure in the Greater Beijing Area, the Yangtze River Delta Area and the Greater Bay Area, the three key economic areas in China, and has become the engine of the regional digital economies. Bridge Data Centres, with its top international development and operation talents in the industry, owns fast deployable data center clusters in Malaysia and India, and seeks business opportunities in other Asia-Pacific emerging markets.
