Chindata Group Announces Receipt of Notice from Shanxi Power Exchange Center regarding Increase in Electricity Prices

BEIJING, December 13, 2023—Chindata Group Holdings Limited (“Chindata Group” or the “Company”) (Nasdaq: CD), a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets, today announced that it has received a notice from Shanxi Power Exchange Center that electricity prices in Shanxi Province, where the Company has operations, will be increased by approximately 60%, effective from January 1, 2024.

The Company expects that, in the foreseeable future and given other conditions constant, the increase in electricity prices will result in higher electricity costs and would approximately lower the Company’s adjusted EBITDA margin by four to five percentage points on an annual basis. Adjusted EBITDA is defined as net income excluding depreciation and amortization, net interest expenses, income tax expenses, share-based compensation, impairment of long-lived assets, change in fair value of financial instruments, foreign exchange (gain) loss, and non-cash operating lease cost relating to prepaid land use rights.

The Company will provide further updates should they receive further notification or instructions from relevant regulatory authorities.

About Chindata Group

Chindata Group is a leading carrier-neutral hyperscale data center solution provider in Asia-Pacific emerging markets and a first mover in building next-generation hyperscale data centers in China, India and Southeast Asia markets, focusing on the whole life cycle of facility planning, investment, design, construction and operation of ecosystem infrastructure in the IT industry. Chindata Group provides its clients with business solutions in major countries and regions in Asia-Pacific emerging markets, including asset-heavy ecosystem chain services such as industrial bases, data centers and network services.

Chindata Group operates two sub-brands: “Chindata” and “Bridge Data Centres”. Chindata operates hyper-density IT cluster infrastructure in the Greater Beijing Area, the Yangtze River Delta Area and the Greater Bay Area, the three key economic areas in China, and has become the engine of the regional digital economies. Bridge Data Centres, with its top international development and operation talents in the industry, owns fast deployable data center clusters in Malaysia and India, and seeks business opportunities in other Asia-Pacific emerging markets.
